

### Banish the "Blues!"

If you have that depressed feeling it's more than likely that your blood is out of order—impoverished or poisoned.

There is only one thing that will alter your present condition—that's to restore your stomach to normal health and strength. For a weak or diseased stomach cannot make good blood. If your digestion is bad your food will not make the good blood which nourishes body, brain, heart and nerve.

### Dr. Pierce's Golden Medical Discovery

helps the stomach to do its work naturally and properly. Stimulates the liver. The system is freed from poison. The blood is purified. Every organ is rejuvenated. Instead of the "Blues," you feel fit and strong, equal to any task or up to any pleasure.

This great remedy has proved its worth year after year for over forty years. Let it prove its worth to you. Sold by medicine dealers in tablet or liquid form or send 50c for trial box by mail.

Send 31 one-cent stamps to pay cost of mailing only on a free copy of Dr. Pierce's Common Sense Medical Adviser, 1008 pages, clothbound. Address Dr. V.M. Pierce, Buffalo, N.Y.

Special rates for large advertisements and yearly contracts.

The right of publisher is reserved to decline any advertisement or other matter offered for publication.

Space is a newspaper's stock in trade and source of revenue.

#### TWO THOUSAND OSTEOPATHS TO MEET IN CONCLAVE.

The greatest international conclave of physicians ever held will assemble at the Bellevue-Stratford, Philadelphia, the first week in August. It is officially the annual convention of the American Osteopathic Association, but as there is no European organization, this society acts as a world tribunal. Osteopathy is now forty years old, and the practitioners number seven thousand.

The most spectacular feature of the coming convention will be a big business clinic held by Dr. James A. Edwards, of St. Louis, the famous discoverer of the new Osteopathic cure of catarrhal deafness. He will demonstrate his new technique upon a number of patients who have been pronounced incurable by the classic methods of the specialists of the old school. His method consists of "finger surgery." It is an adaption of the famous bloodless surgery to the throat, and is all done with the finger inside the month, and without instruments. It is analogous to the renowned operation performed upon Lolita Armour.

Edwards found that the most common kind of deafness in America is that type caused by catarrh. This is the only kind which this treatment will cure. He discovered that in these cases the deafness was caused by adhesions of the little air tube connecting the throat and the ear and by impediment to the draining of this tube. With the finger alone the trained Osteopath is able in most cases to partly correct this condition so that some portion of the hearing is restored. He and his associates have treated several thousand cases and report cures and partial cures in about half of them. This does not mean that half of the deaf people can be helped, but that half of those who are deaf from this cause only.

Dr. Edwards will be assisted by Dr. D. Webb Granberry, member of the Board of Registration in Medicine in New Jersey.

Dr. Percy H. Woodall, of Birmingham, Ala., President of the Association, will preside at the session.

Dr. Harry W. Forbes, President of the Los Angeles College of Osteopathy, will present an original contribution on disturbed circulation to the lower part of the spinal cord.

From the scientific point of view one of the most vital things in the convention will be the report of the Research Institute, by Dr. John Deacon of Chicago, the director. Research institutions established in other schools of practice are founded and supported by contributions from philanthropists who are laymen, but this is the only one in the world founded and financed entirely from the private incomes of practitioners.

#### SHIRT-WAIST MEN MORE MASCULINE THAN FEMININE

England's hot spell has started a agitation for reform in men's summer dress, but so far none have had courage to follow the American fashion of appearing in the street in shirt and belt. An Englishman never dispenses with the coat, except when playing tennis and cricket and boating on the river. To appear without a coat on the links is quite as unpardonable in England as to go coatless in the street.

"My long-suffering brothers," asks one writer in a dailly paper, "why not defy the women, take off our coats and waistcoats and be cool? They do these things in America, where woman is a very independent creature. Why can't we do them here? Haven't we the pluck?"

"I was moved to these remarks," he continues, "by the sight of a gentleman, presumably from the States, sauntering down Shoe lane. He looked radiantly cool and serenely happy. And for the first time in my mortal career I envied an American. As a fact, he also looked smart. His straw was neat; his soft collar and horizontal tie were dressy; the awkward transition from gauze to tweed was masked in a becoming silken band. He did not look at all feminine; on the contrary, he looked far more male than the poor fellows in bales of tweed and homespun slouching around him."

The writer ends with the confession: "We do not like our muggy dress, we do not hug our fetters; we suffer, though with tears, for the sake of the ladies. The ladies like to see us looking 'smart.' Smart! Good gracious! And we are not even allowed to powder our greasy complexions."

It is all right to have a good time. But when a girl goes joy riding with a fellow she should insist upon his taking something besides a case of beer and a bottle of booze along as chaperones.

#### "GIVE YOUR WIFE AN ANNUAL VACATION."

Also, Take One. You'll see. If You Would Escape Divorce.

The Divorce Prevention Bureau of the Municipal Court of Chicago, the first bureau of the kind in this country, signalized the inauguration of its work Friday by reuniting four families. In the four cases Judge Torrisson decided that separation would bring suffering on innocent children. Playing upon the parents' love for their children, he sent four pairs from the bureau arm in arm and reconciled. These are some of Judge Torrisson's principal recommendations to couples inclined to jar:

"Give the wife a vacation each year. She gets tired. Take a vacation yourself for the same reason."

"Have some kind of music in the home."

"Whenever you quarrel go upstairs where the baby is sleeping and look at him."

Fifty unhappy couples were in the Court of Domestic Relations on Friday. A large proportion of the cases were referred to the Divorce Prevention Bureau and Judge Torrisson expects to make peace in nearly all of them.

#### STOPS NEURALGIA—KILLS PAIN.

Sloan's Liniment gives instant relief from Neuralgia or Sciatica. It goes straight to the painful part—Soothes the Nerves and stops the Pain. It is also good for Rheumatism, Sore Throat, Chest Pains and Strains. You don't need to rub, it penetrates. Mr. J. R. Swinger, Louisville, Ky., writes: "I suffered with quite a severe Neuralgic Headache for four months without relief. I used Sloan's Liniment for two or three nights and I haven't suffered with my head since." Get a bottle to-day. Keep in the house all the time for pains and all hurts. 25c, 50c, and \$1, at your Druggist.

Bucklen's Arnica Salve for all sores. (adv-july)

#### KEEPING DOWN THE GAS BILL.

We all know that the size of the bill can easily be doubled by careless management of the stove, but how many women know that even a moderate extra thoughtfulness? In the first place, every woman should know how many cents' worth of gas each burner in her stove consumes an hour, then she will know exactly how much she saves by use of the freest cooker or how much her bill is cut down by the use of the smaller burners and simmerer; in other words, this exact knowledge is indispensable if she expects to use her range with the utmost economy. It is impossible to give these figures here, as the gas rates differ so widely, but the gas companies in any city will furnish the information about their own stoves.

#### FOUGHT WITH BARRED FENCE.

Edward Elliott, of Middletown, N. Y., 8 years old, is abed in bandages trying to recover from wounds he received in a fight with a barbed-wire fence Friday night. He was asleep at the time and did not awake until the fight was ended. One wound lay close to the jugular vein; his face and throat were badly torn and his nightgown hung in shreds. There were gashes all over his body. The fight knocked him out. When he came to himself he ran screaming into the house and a doctor was summoned. The boy has been unable to tell how he got into the fight.

Some men seem to imagine that Nature gave them hands to knock

### CORTRIGHT METAL SHINGLES

The four designs of Cortright Metal Shingles as shown above are made in any of the following ways:

1. Stamped from Tin-plate and painted Red.
